Welcome to Weather-Above

J Cheddleton Light Seekers What we got up to on 01/07/2009 Nex

Cheddleton Light Seekers youth group visited Coombes Valley nature reserve. On arrival we were met by two guides. We walked down to a small pond where we all had a go at pond dipping. It was amazing how many different creatures we found from tadpoles, water beetles, snails, the children managed to find over 13 different types of creatures.

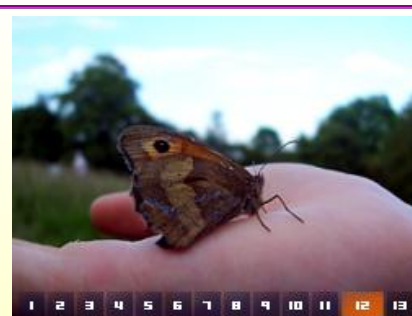

Our two guides helped us to identify and discuss their habitat. We then walked and discussed about some of the animals living in the trees, one of my favourites was the owl pellets we had a look at what an owl had for its tea. We carried on walking down into the valley we were supplied with some insect nets, we all caught different types of insects. We examined them in magnified jars after identifying them they were returned to their natural habitat.

Thank you to all the leaders and Coombes Valley wardens guides for making our visit so interesting.

We are now having our seasonal break for two months and will meet again the first Wednesday in October. Look forward to seeing everyone!

Light seekers is a safe place for children age group 9-14. We have a dedicated team of leaders, the evening is well planned with Christian themes, activities, games, crafts, special outings. We are part of an organisation called Urban Saints, for more information about urban Saints please go to the following website:
