## Welcome to Weather-Above

J Cheddleton Light Seekers What we got up to on 12/11/2008 Next

We had a fantastic night the theme for the night was about the holy spirit and how we can be on fire for God. We started of playing some games, my favourite was the matching pair game everybody had some fun trying to remember where the hidden Bible verses were hidden on the upside down cards. As soon as a team remembered a matching pair we read out the verse then discussed the content. Followed by the traditional apple bobbing we all got nice and wet ; as soon as we rescued the apple from the water we all dipped them in hot chocolate and sprinkle them with some candy sugar strands.

Eva then demonstrated an experiment using different types of salt compounds they all looked the same colour but when they were heated up in a hot flame they changed to different bright colours. Thank you Eva for this experiment it was awesome. Then we made our way out side we all had a sparkler and formed a large circle and lit each sparkler in turn this produced a very dramatic fiery effect. We went back inside and wrote out a personal prayer on some card shaped like flames these will be glued into our tearfund prayer book.

<sup>11</sup> All these are empowered by one and the same Spirit, who apportion to each one individually as he wills.
