The storm, which brought winds of 120mph, has left 41,000 others missing and 90,000 homeless.

One of the worst hit areas is the town of Bogalay where 10,000 people have perished, according to a government minister.

Many died when Nargis unleashed a 12ft high tidal wave which first struck the Irrawaddy Delta region on Saturday and swept from west to east across the southern tip of Burma.
