Take a step with a fairtrade football

Buy a Fairtrade Fun Football and support producer communities in Pakistan. Fair trade standards ensure workers are paid legal minimum wage rates to enable them to provide the basic necessities for their families. The community have established a health care scheme, made possible by the Fairtrade premium that is paid on every football they produce. In the run up to Fairtrade Fortnight we will be sharing the individual stories of workers involved in the production of a Fun Football to demonstrate how fairtrade premiums really do make a difference to lives on a personal level.
