

New Life Christian Fellowship

1. Recession, pollution, war, famine and disasters. Are you ready for some Good News? That is what the Bible is all about. It is God's love story to us.

When God created the world it was "good", but the deceiver tempted people to doubt God's love. They chose to disobey God. There were consequences. We and the earth are polluted by our selfish choices; "Sin" seeped into our souls.

God is pure, he can not be united with pollution. Sin's pollution separates us from God.

The Good News is: God loves us, he wants to make us his pure, perfect children. God tore off a piece of himself, became human, lived perfectly and died horrifically; to pay the price for our perfection. By sending his only son, Jesus, God made the way for us to be reunited with him. Jesus' blood cleanses us, removing all impurities. He rose from the dead and gives us everlasting life.

We must respond. All you need to do is: believe in Jesus, say sorry and ask him to fill you with his life changing Spirit. We can become God's children; free from pollution, united with him forever. Flip-side: reject him and you choose your own destiny of darkness.

Life is hard, but we believe the Good News. It gives us hope and we share this with you. Please listen and respond to God's Good News today.
