

New Life Christian Fellowship January 16th 2010

When you see earthquakes, famine and floods do you feel like God is asleep and just does not care? That is how the disciples felt when they were caught in a storm. As waves crashed over the boat Jesus' followers were filled with fear, but Jesus peacefully slept. "Don't you care if we drown!?" they shouted. They did not understand exactly who and how powerful Jesus is.

Jesus did care, he was in control. He got up and spoke to the storm, it immediately stopped. The doubting disciples were stunned saying: "Who is this? Even the wind and the waves obey him!". Mark 4:31 - The Bible.

God does care. He is in control. Jesus said that earthquakes, pestilence and persecution are signs for the end of all things on earth. This is a warning to us, making it more important than ever to put our trust in God. But, this is not the ultimate end. Jesus is coming back to claim his victory, defeating evil forever. All those who believe in Jesus will be saved and will receive eternal life with him.

Jesus is God's Good News to this broken world. He gives hope and joy beyond our understanding. He can give real peace in the eye of any storm. Only if we believe in Jesus can we be part of God's family, and can look forward to spending eternity in paradise with him.

Sometimes we can not understand why horrific things happen, but one thing is true, God will never abandon us. If you are afraid, lonely or lost cry out to the one who is in control. Jesus is waiting to hear from you, he loves you so much that he sacrificed his life on the cross. He did this so you could be perfect in God's eyes. It is time to put your trust in God, because time is running short.

New Life Christian Fellowship meet at Kilgetty Community Centre, 10.45am on Sundays.
Why not give us a call if you want someone to talk to or would like us to pray for you: 01834 831533/07827 293781.
