

## New Life Christian Fellowship

1. God's words are like seeds. As a farmer sows seeds some fall on the path getting trampled and eaten by birds. Likewise some people hear God's word but the deceiver swoops in and steals it from their stony hearts.

Some seed falls amongst rocks. It shoots up but soon withers due to lack of roots. So it is for people who hear about God and believe with joy, but when things get tough they abandon belief and their rootless faith soon withers.

Some seed falls amongst thorns, it grows but is strangled by choking weeds. Some hear God's word and believe it. They begin to grow but life's worries and earthly pleasures take over, strangling their faith; they never mature.

Precious seeds fall on good soil, producing abundant crops. Likewise are people who believe in God's precious word, it blooms and grows in their lives. They bear the fruits of God's word for all to see and share.

Is the soil of your heart fertile for God's word today?
