

New Life Christian Fellowship.

'Time flies', especially when the pace of modern life gets ever faster and more stressful. How swiftly the years since the Hillsborough disaster have fled by. What has happened in your lives since that day? Have you made the best use of that time?

1. How to use our time wisely concerns us all because time is finite. One day our world and lives as we know them will end. The psalmist David wrote: 'Seventy years are given to us! Some may reach eighty. Even the best of these years are filled with pain and trouble, soon they disappear, and we are gone'. David knew that life is short and often filled with sorrow. His solution was to ask of God: 'Teach us to make the most of our time so that we may grow in wisdom' In other words, to turn away from the temporary quick fixes of the world, to God's unchanging love, care and fulfilment.

The temporary values of the world can not bring true happiness. The only constant is Jesus who has the power to release us from guilt and lead us to a new life filled with purpose. All we have to do is ask.

If you have experienced the wonderful joy that a beautiful Pembrokeshire Spring morning can inspire, it may be that the Holy Spirit is working in you, nudging you to ask God how to make the best use of your life. It is better to make our days count than to just count our days.

If you would like to find out more about life with Jesus or would like somebody to pray for you, please call 01834 812839. All are welcome to join New Life Christian Fellowship who meet on Sunday Mornings at 10.45 in Kilgetty Community Centre.
