

Fair Play

Llys Hywel Primary and Laugharne Primary recently contested a football game in the name of Fairtrade. The two schools' Fairtrade steering groups played one another as the last event before Llys Hywel submit their overall project work to the Fair Trade committee in the hopes of achieving the Fairtrade Foundation's Fairtrade School Award.

The whole school came out to watch the game, which was played with a Fairtrade football and refereed by Year 13 pupils from the local Dyffryn Taf Secondary School. Beryl Bowen, Fairtrade football match organiser and Llys Hywel class teacher invited ***Fair Trade in Football Campaign*** founder, Sharron Hardwick (Fair Trade Wales School's Speaker) to the match, after meeting at the Fair Trade Nation conference in Swansea recently.

"Llys Hywel are working hard to support, promote and use Fairtrade to help guarantee a better deal for farmers and workers in developing countries. It was lovely to see the two schools's playing Fairtrade football. It brings another dimension to the game, combining fun with fairness in an aim to help make a difference." shared Sharron.

The game was played in good spirit by the pupils, with the younger foundation stage pupils also getting involved by supplying refreshments in the form of water and Fairtrade oranges during the half time break.

Llys Hywel went on to record a handsome 10-0 victory on the day, which proved to be a great occasion for players, pupils and staff alike as they basked in the sunshine on Monday, the 10th of June 2013.

Llys Hywel's steering group have worked hard over the last year in implementing various Fairtrade policies and practices whilst holding a variety of exciting events. They now hopefully await their deserved recognition of attaining Fairtrade status for the school.
